

Dressed in black or any other colour, Strata's sophisticated and seductive appeal lies in its sleek good looks and smooth contours. With the ability to transform into multiple seat-depths; a sumptuous daybed or a spacious overnight bed, Strata satisfies the demand for the perfect mix of versatility and style.

The reassuring support of the feather filled back cushions and expansive seating ensures Strata is sublimely comfortable. The King Furniture Postureflex[®] seating system provides unsurpassed comfort and support. A clever, optional, swivel-base can be added to the generous armless chair or ottoman to create freedom of movement and a modern touch. Strata is available in your choice of luxury fabrics or leathers. All tailored covers are removable.

'Neat Feet' - King Furniture's unique comfort adjustment is an available option.

'Miss' series coffee tables by Former Italy.

The Strata (meaning layers) is a low-line design with a high level of comfort. The sleek profile features a “floating” arm/back layer over a “floating” base layer. The same height back/arm layer wraps around for complete freedom of seating position (i.e. backs can be used as armrests and vice-versa) and can be adjusted to provide greater seat depth or become a very comfortable bed.

Optional feather filled cushions come in two sizes with detachable bolsters. Adjustable legs allow for height/angle variation. Materials include steel frame incorporating the Postureflex® seating system with multi-density HR foam seat and back. Removable covers are available in your choice of fabric or leather.
